Good Afternoon:

Apparently there was some confusion about whether or not we would be having a call tomorrow. I intend to be on the line at 8 AM, and I would invite all of you to join using the call-in information listed above. In terms of agenda items, I have the following:

- Proposed monitoring well locations
- Access to modeling data on OSC website
- Preliminary thoughts
- Preliminary discussion on acceptable remedial options

Please share any other items with the group. Talk to you tomorrow.
